LADMC
FOUNDATION

Nurse Leadership Training

LADMC Foundation molds Los Angeles-area nurses into leaders.

LADMC's leadership program emphasizes:

- Patient Communication
- The Latest Patient-Centered Practices
- Team Leadership
- New Technologies Improving Patient Outcomes
- Workshops in Preventive Care
- Workshops in Wellness Programs

Public Health Education

LADMC partners with health education stakeholders to hold events throughout the Los Angeles region, reaching 2,000 attendees per year.

Health education events will provide attendees with information on topics such as:

- Diabetes Prevention
- Hypertension Prevention
- Basic Health Maintenance Practices
- Healthy Eating
- And Other Topics

Health Fairs

LADMC's nurse leaders run health fairs throughout the Los Angeles region for 20,000 people per year.

LADMC Foundation's health fair provide Los Angeles communities:

- Basic Healthcare Information
- Healthcare Screenings, such as Diabetes Tests, Blood Pressure Measurements, and Oxygen Saturation Tests
- Basic Information on Test Results and related health information.
